CRYSTA DENTIN CONDITIONER
POLYACRYLIC ACID CAVITY CONDITIONER

Product Description : Crysta Dentin Conditioner is a mild polyacrylic acid solution designed to remove the dentinal smear layer and to condition dentine, thus enhancing the bond between glass ionomer cement and the dentine.

Composition : 10% Polyacrylic Acid Solution.

Intended Purpose / Intended Use : It is intended to be used as pretreatment solution for dentin conditioner.

Indications for Use : It is used for preparing dentinal surface prior to bonding or cementing or filling.

Instruction for Use :

1. After tooth preparation, apply Crysta Dentin Conditioner to the bonding surfaces for 20 seconds using a cotton pellet or sponge.
2. Rinse thoroughly with water. Dry by blotting with a cotton pellet or gently blowing with an air syringe. DO NOT DESICCATE. Best results are obtained when prepared surfaces appear moist (glistening).
3. Apply Crysta Restorative or Crysta Luting or other glass ionomer as a bonding agent, base/liner or restorative material.
4. Close the bottle immediately after use.
5. The dispensed material shall not be placed back in container and the dose once applied and used shall not be reused.

Warnings: Avoid prolonged or repeated contact with skin (allergic contact dermatitis), and eyes. Avoid prolonged inhalation. Do not take internally. Contact with the skin may cause irritation, burns of hypersensitivity. If contact with skin occurs immediately wipe off thoroughly with cotton and alcohol and then wash well with soap and water. If skin rash and sensitization or other allergic reaction occurs discontinue use and seek medical attention. If the product comes into contact with the eyes, rinse thoroughly with fresh water and consult a physician. It should not be used with patients who have a history of severe allergic reaction to any of the components.

Precautions :

1. In case of contact with oral tissue or skin, flush immediately with water.
2. In case of contact with eyes, flush immediately with water and seek medical attention.

Contraindications : In rare cases the product may cause sensitivity in some people. If any such reactions are experienced, discontinue the use of the product and refer to a physician.

Storage Conditions : Store at temperature between 10°C(50°F) to 24°C(75°F). Close the cap carefully after use. Keep away from moisture. Shelf life not affected after opening if stored in a cool dry place.

Shelf life : 3 years from date of manufacture.

Presentation :

Ref. 30021

1x10 ml Dropper Bottle

Disposal conditions : To be disposed off based on the prevailing rules of the country in which it is used.
